

ECABREN STEERING COMMITTEE MEETING

Outcome 1.3 Nutrition

Improve Food Security, Nutrition
and Health of Vulnerable
Communities

Martha Nyagaya.

CIAT Nutritionist

6th -10th Feb 2012

ADDIS ABABA-ETHIOPIA

Improve Food Security, Nutrition and Health of Vulnerable Communities

Immediate Outcome 1.3. Increased access to micronutrient rich bean based products in the diets of vulnerable communities.

P.I.#1.3.1. Number of vulnerable HHs (m/f) accessing micronutrient rich bean based products

**Target = 1.5 million HHs
(60% females and 40% males)**

How far =

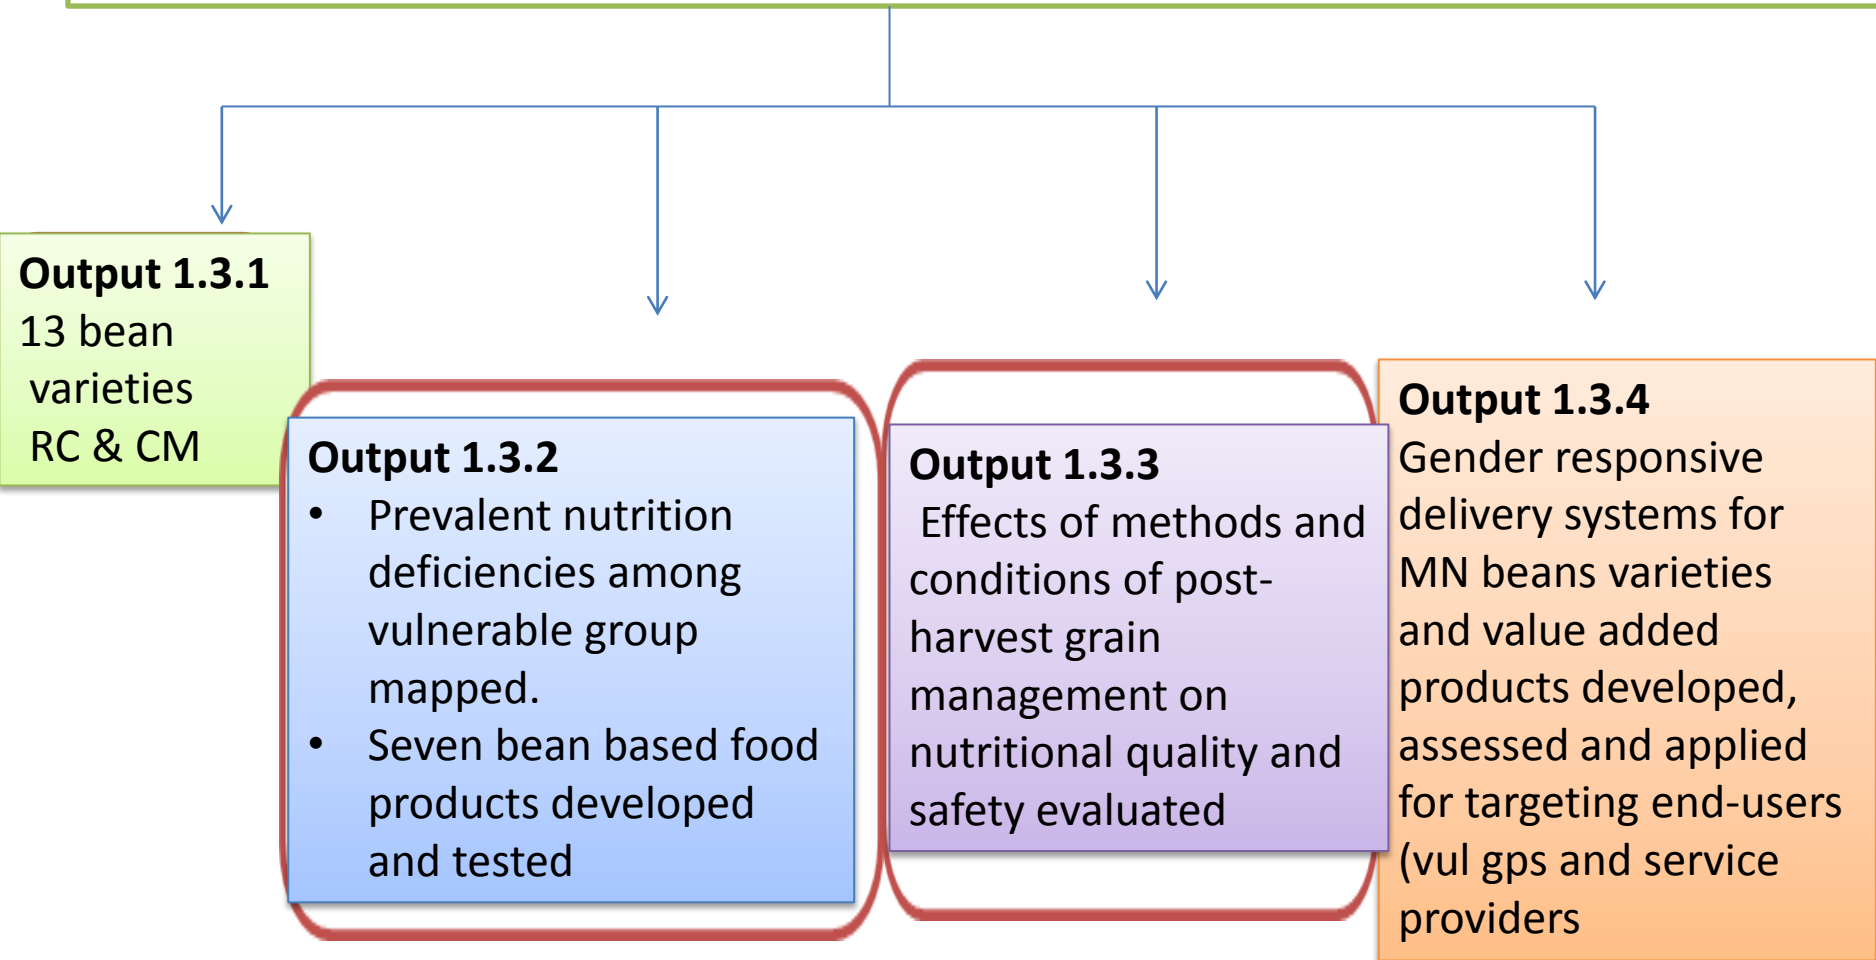

P.I.#1.3.2. Level of satisfaction of vulnerable groups on options for accessing micronutrient rich bean based products (including varieties)

**Target = 60%
Baseline = 30%
Level 2011 = ????**

How far = 30% increase

Immediate outcome 1.3

Increased access to micronutrient rich bean based products in the diets of vulnerable Communities

Nutrition Core Team

- 1 Burundi – PRONAINUT
- 2 East DRC – PRONANUT
- 3 Ethiopia- EIAR
- 4 Kenya
 - Ministry of Health
 - Nangina
- 5 Tanzania
 - Sokoine University of Agriculture
 - Selian
- 6 Rwanda – SPH, NUR
- 7 Uganda
 - NARO
 - CEDO

Output 1.3.2

Prevalent nutrition deficiencies among vulnerable group mapped.

Seven bean based food products developed and tested

Assess prevalent target nutritional deficiencies, consolidate available primary and secondary data, conduct mapping exercise, document publish and disseminate available data

1. Recipes

2. Food baskets, (Foods from different food groups and make up a balanced diets)

3. Snack foods (samosa, doughnuts, etc.)

4. Bean flour

5. Composite bean flours

6. Bean Sprouts

7 Others e.g canned

Nutritional status
Secondary data
documentation =
literature review

Nutritional baseline
survey and
consumption survey
**(Select Intervention
area)**

Bean Based Products

1 Recipes

2 Snacks

4 Bean flour

5.Complementary/ Composite

6. Germinated/sprouts beans

7 Others

e.g Canned beans

PROGRESS

Secondary Data Collection and Documentation

Status

1	Burundi -	Done
2	East DRC –	Done
3	Ethiopia -	Not complete
4	Kenya –	Not done
5	Northern Tanzania -	Done
6	Uganda -	Done

Note

- **Guideline of report was given – but most countries did not follow guidelines**
- **Only Burundi and Uganda and produced accepted report**

Nutrition and Consumption Baseline Survey

Done

1. Burundi – Survey just completed , Data entry completed
2. East DRC – No report given to-date
3. Ethiopia – Report not received to date
4. Kenya - Report??
5. Northern Tanzania – Draft report submitted
6. Uganda - Draft report submitted -feed back given –Awaiting final report

Note: A generic protocol was given to countries

- **Most Countries did not follow protocol**
- **Creditability of the survey might be questionable**
- **Comparison across countries is challenging**

Next Steps

- Consolidate Secondary Data for all countries
 - Consolidate Primary Data for all countries
 - Mapping
-
- All reports should be submitted by end of February 2012
 - Raw data to be submitted as well

Processing beans to form that can be consumed by children under-five
